DECISION  
ON PETITION

This is a decision on the petition filed July 8, 1996 under 37 CFR 1.102, requesting that this application be rendered special for examination purposes.

The petition has been reviewed and found to be in compliance with the requirements for special status provided for applications relating to the treatment of cancer or HIV/AIDS as set forth in the MPEP 708.02 (X).

Subject alone to diligent prosecution by the applicants, this application will continue to be treated special throughout the entire prosecution, including priority printing, in the Patent and Trademark Office.

The Petition is Granted.
